### Messaging Thought-Starters:

- Urban schools don't have a *Monopoly* on low KRAL scores – even in the top districts 28% of children are not ready for kindergarten.
- The needs in our community can *Boggle* the mind...
- Building a better community is not a *Trivial Pursuit*.
- Together we can create a *Domino*-effect of change in our community.
- Our kickoff event will be more fun than a *Barrel of Monkeys!*
- *Win, Lose, or Draw*, we are all in this together as a community. When we improve the life of one, we improve conditions for us all.
- It would be nice if we could *Snap* our fingers and make community problems disappear...
- *The Price is Right* – just a dollar per week will buy...
- The future of too many children in our community is in *Jeopardy*. That is why United Way is working to ensure that every child is ready to learn when entering kindergarten and ready to earn when graduating with a post-secondary degree.
- We need more players on our team.
